Profile Summary

Java Full Stack Developer with hands-on experience in developing web applications using Java, Spring Boot, SQL, and front-end technologies. Strong understanding of RESTful APIs, database design, and responsive UI development. Focused on writing clean, maintainable code and continuously improving technical skills.

Education

- **Usha Rama College of Engineering and Technology, Vijayawada (2024)**
B.Tech in Computer Science and Engineering | CGPA: 8.90
- **Sri Krishna Chaitanya Junior College, Narasaraopet (2020)**
Intermediate (MPC) | CGPA: 9.28
- **Stann's English Medium High School, Macharla (2018)**
SSC | CGPA: 9.0

Experience

- Presently working as a Software Trainee for “**SolTech Info Labs**”, Hyderabad from April 2025 to till date.
- Working on enterprise applications for **insurance-domain clients** using Spring Boot, along with frontend development using JavaScript and React.
- Developed and maintained RESTful APIs for core business modules.
- Built and enhanced React UI components, handling dynamic data rendering and user interactions.
- Implemented business logic, input validations, and exception handling.
- Fixed UI and backend bugs and implemented enhancements based on QA and client feedback.
- Used Git/GitHub for version control and collaborative development.

Project

InstaDocs

Description: Document Management System

Tech Stack: React, JavaScript, HTML, CSS, REST APIs, Java, Spring Boot

- Developed responsive UI screens using React, JavaScript, HTML, and CSS.
- Implemented comprehensive document management features including single and multiple document upload, document preview, search, listing, download, merge, and split operations.
- Integrated frontend components with backend REST APIs to handle document processing and retrieval.
- Implemented form validations and user-friendly error handling to ensure data integrity.
- Worked on admin functionalities such as admin creation, user management, and change password features.
- Ensured smooth user experience by fixing UI issues and enhancing screens based on testing and feedback.

professional Trainings

Naresh IT, Hyderabad (2/2025) – Java Full-Stack Training

Completed advanced training in website and web application development using Java.

Skills

- **Technical:** Java, JavaScript, JQuery, React, HTML, CSS, SQL, Spring, Spring Boot, Hibernate
- **Concepts:** OOP, Exception Handling, Multithreading, REST APIs, Dependency Injection
- **Tools:** Maven, Git, GitHub, VS Code, Eclipse, STS, Oracle SQL Developer
- **Databases:** MySQL, Oracle
- **Soft Skills:** Communication, Problem-Solving, Teamwork, Time Management.
